Profile Summary

I am a motivated and detail-oriented second-year Bachelor of Information Technology (Honours) student majoring in Software Engineering, with a growing foundation in programming and software development principles. I am skilled in problem-solving, requirements understanding, and translating ideas into working code. I am familiar with the Software Development Life Cycle (SDLC) and eager to strengthen my knowledge of Agile practices and testing frameworks. I am a strong collaborator with good communication skills, enthusiastic about contributing to real-world development projects. Committed to continuous learning with a passion for building efficient and user-friendly software solutions.

Familiar with

- Agile & Scrum Methodologies
- Software Development Life Cycle (SDLC)
- Requirements Gathering & Documentation
- Unit Testing / Integration Testing / UAT

Software & Technical Skills

- Microsoft Office Suite
- Visual Studio Code
- NetBeans IDE
- Command Line Interface (Windows, basic)
- IT Support & Troubleshooting
- Front-End Development (HTML, CSS, JavaScript, React)
- Programming Languages: Python (Basic)
- Version Control : Git & Git Hub

Education

Universiti Tun Abdul Razak (UNIRAZAK) Bachelor of Information Technology (Honours) | Majoring: Software Engineering
Relevant Coursework: Fundamentals of Programming | Operating Systems | Software Engineering | Requirements Engineering, Information Security | Object-Oriented Programming (OOP)

Jul 2024 – Present

Al-Baraa bin Malik Elementary School

A-Levels

2023

Certifications & Trainings

- **Social Engineering & Phishing in the Age of AI** | Webinar Participation | 2025
- **Computer Hardware and Software** | Coursera | Authorized by University of California, Irvine | 2024
- **Google IT Support Professional Certificate** | Coursera | Google | 2024
 - Technical Support Fundamentals The Bits and Bytes
 - of Computer Networking Operating Systems and You:
 - Becoming a Power User System Administration and
 - IT Infrastructure Services IT Security: Defense against
 - the Digital Dark Arts
- **Introduction to Java** | Coursera | Authorized by LearnQuest | 2024
- **Complete React Developer (with Redux, Hooks, GraphQL)** | Udemy | In Progress
- **Modern JavaScript From The Beginning 2.0** | Udemy | 2025

Languages

- English (Fluent)
- Arabic (Native)
